CEO'S MESSAGE

Dear colleagues,

I hope this message finds you well. As we approach the midpoint of another productive year at Vaidyaratnam, I wanted to take a moment to reflect on our collective achievements and discuss the upcoming Half-Yearly Performance Assessment.

The Half-Yearly Performance Assessment is a crucial milestone in our ongoing commitment to your professional growth and development. It serves as an opportunity for us to review your progress, recognize your accomplishments, and identify areas for improvement. This process is designed not only to evaluate your performance but also to align your goals with the company's objectives, ensuring that we are all working towards a common vision.

Key Points for the Half-Yearly Performance Assessment:

Complete your Performance tracking sheet: Take some time to complete your goal tracking sheet so that you can reflect on your accomplishments in the past six months. What were your goals, and how did you work towards them? What challenges did you overcome, and what skills did you acquire?

We will revisit your performance goals and expectations for the remainder of the year. This is a chance to realign your objectives with any changes in the company's strategy and direction.

Prepare for Constructive Feedback: The assessment is a two-way conversation. Be open to receiving feedback, and also be ready to share your insights and concerns. This dialogue will help us identify opportunities for growth and career development.

Professional Development: Discuss any training or development needs you may have to enhance your skills and career progression. We are committed to supporting your growth within the organization. It is an opportunity to recognize and celebrate your accomplishments. We value your hard work and dedication, and this assessment is an occasion to acknowledge your contributions.

Please be diligent in completing your self-assessment, as it will be a valuable reference point for your performance discussions. Your input is invaluable in helping us understand your perspective and work collaboratively towards your success.

Remember that this process is not just about evaluating your performance but also about fostering your professional development. We are here to support you every step of the way. If you have any questions or require assistance in preparing for your Half-Yearly Performance Assessment, please do not hesitate to reach out to our HR team.

Thank you for your dedication and hard work. Together, we will continue to achieve excellence at Vaidyaratnam.

Best regards,
Pradeep Nair

Vaidyaratnam Day Celebration : Promoting Health and Wellness in Chuvannamannu Unit

On September 8th, Chuvannamannu Unit celebrated Vaidyaratnam Day with great enthusiasm and a commitment to community health. The day featured a medical camp focusing on female health and general wellness. The event was inaugurated by Dr. Shyam Vishwanath, Director

of KFRI (Kerala Forest Research Institute).
